

Lose the Wait

*...with Electronic Data Interchange (EDI)
and Online Invoicing*

Over 80% of all invoices are received electronically by the SGC Network. On average these shops receive payments 7 to 10 days faster than those sending paper invoices through the mail!

How can I send invoices electronically to the SGC Network?

- SGC Network does this by being accessible to numerous EDI services such as Glass Pac, Mainstreet, DataTranz, Glass Comp, GlassMate, eDirect, Digital Business Controls, IBS, and Quest.

What are the benefits to my shop?

Electronic billing is quick, convenient and efficient. Other major benefits would include:

- Receiving payments 7 to 10 days faster than paper invoicing
- Accessing SGCNetwork.com will allow you to track and process your invoices – even after the close of business: invoice online or EDI, overnight
- Avoid paper invoice fees. The SGCnetwork.com billing feature is available to you at no additional charge
- Have an EFT account with us? SGCNetwork.com provides the best way to track your payment details (An EFT application is available on the site)

Why aren't you electronically invoicing?

More than 11,000 shops are currently sending invoices electronically to the SGC Network!

Register to invoice online by visiting www.SGCNetwork.com and clicking on the User Registration link on the left side of the page.

Please contact us to learn more about EDI billing programs, providers and software requirements.

Whichever solution fits your need, you'll find an electronic solution is superior to regular mail in almost every way!
