

# Lose the Wait

*...with Electronic Funds Transfer (EFT)*

Another FREE Business Advantage Offered by SGC Network

As a member of the SGCNetwork, you are eligible for automated invoice payment directly to your business bank account. You no longer have to:

- wait for the mail to deliver your check, or
- wait in line at the bank to deposit your check.

Instead of waiting, let the SGCNetwork Electronic Funds Transfer (EFT) feature automatically deposit payments directly into your bank account. It's faster, more convenient than depositing paper checks, and an Eco-friendly way of doing business.

## Quick

Just like direct deposit for payroll, funds are sent to your account automatically after the insurance company approves and pays your invoice. No paperwork, no trips to the bank, and no waiting for a check.

## Easy

If your bank account currently receives other electronic payments, then all you need to do is fax an EFT application to the SGC Network at (614) 210-9504. You can download an application at SGCNetwork.com. If you do not have an Internet connection, an application can be sent to you.

## Convenient

An e-mail is issued to you each time that SGC releases an electronic draft to your account. Additionally, you can track payment information online by visiting SGCNetwork.com.

## Don't Wait

Take a few moments to complete an EFT application and begin receiving payments faster than conventional paper checks sent in the mail. Access the application right now by clicking this link or typing the following address in your web browser: [https://www.sgcnetwork.com/eft\\_terms.jsp](https://www.sgcnetwork.com/eft_terms.jsp) .
